Email: [jan.snoeij@cgi.com](mailto:jan.snoeij@cgi.com)

Jan Snoeij is a principal member of the consultancy team of CGI's MES Centre of Excellence. He is contributing to CGI's position as all-round Manufacturing Enterprise Solutions specialist and as one of the largest Systems Integrators on Manufacturing IT in Europe.

In the 1980's, Jan was active in assisting companies to improve their production and business performances making use of information systems and other innovative technologies. He has broad experience in many different industry sectors, varying from textiles and clothing to metals, steel and automotive and from high tech electronics to food and pharmaceuticals.

Jan holds an MS degree in Applied Physics. Currently, Jan is a MESA International Board Member at Large, and Past-Chairman of the MESA EMEA Board, MESA's EMEA Expansion Committee, and the MESA European Conference. Jan served as the Chairman of the MESA EMEA Board from 2007-2011.
